Description

Beijing Chateau Lion International Winery was founded on April 20th, 2010. It is located at Changyang town, Fangshan district in Beijing, and it is near the Beijing-Shijiazhuang Expressway and subway Fangshan line with good location and convenient transportation. The company covers an area of 1000 MU, with annual production of 100,000 bottles of wine, and the company signed agency agreements with Canada, Italy, Hungary and other countries, and it also sales 500,000 bottles of famous wine from Europe and the United States. It imported seven most famous and precious grape varieties. The winery is a integrated large enterprise which includes research development and experiment, grape growing, wine making, wine marketing and developing creative wine cultural industries. All facilities are imported, and the research team consists of professional experts. On the basis of original wine growing and winemaking, Chateau Lion also provides wedding photography, film photography, lawn party, wedding, wine theme tours, professional appraisal training, leisure, and other innovative features. The Chateau Lion International Winery has gone beyond the traditional meaning based on agriculture and production sites of the brewing process, has become a comprehensive winery with cultivation, production, restaurants and sightseeing features.

Chateau Lion wine is not only the pride of China, but also repeatedly wins the gold medal in the world.
