

Zhang Yijun

Chairwoman

Beijing ZEHO Waterfront Ecological Environment Treatment Corp

<http://www.zeho.com.cn>

Bilateral Meetings

- Friday 15:45 - 17:00

Description

Beijing ZEHO Waterfront Ecological Environment Treatment Corporation (ZEHO) is founded in 1997. ZEHO is honored with National High-Tech Enterprise and Beijing Enterprise Technology Center.

ZEHO has obtained many enterprise qualifications, such as National Urban and Rural Planning Grade-A Qualification, National Landscape Designing Grade-A Qualification, Urban Gardening and Greening First Class Qualification, General Construction Qualification for Municipal Public Utilities Projects and Special Qualifications for Environmental Engineering.

ZEHO are attaching great importance to the development of technology, and we have set up three national laboratories in collaboration with various research institutes. They are State Key Laboratory for Water Circulation Simulation and Regulation of Watershed with China Institute of Water Resources and Hydropower Research (IWHR), National Engineering Laboratory for Lake Water Pollution Control and Ecological Restoration Technology with Chinese Research Academy of Environmental Sciences (CRAES) and Joint Laboratory for environmental biological engineering with Institute of Microbiology, Chinese Academy of Sciences. ZEHO own 8 invention patents, 3 software patents and 48 patents for utility models.

ZEHO create an interlocking industry chain, provides one-stop service of planning, researching, designing, construction, investment and operation, ZEHO has mostly completed the planning stage with North China, Eastern China, South China, Southwest China, Northwest China, radiate all around China.

ZEHO incorporate sustainable development idea and Symbiosis theory to the interlocking industry chain solution, the main business of ZEHO includes Compound Ecological Environment Harnessing, Horticultural Exposition, Ecological Forest Engineering, Small-town Construction, Sponge City, and Public Landscape. ZEHO has successfully completed such as 2017 Ecological Forest Project in “Xiong An” New Area, Landscape Engineering of 2008 Beijing Olympic Games and variety of classic projects used EPC and PPP modes, more than 20 projects were awarded with renowned prizes in both national and international competitions.

ZEHO is armed with international team, international vision, leading planning, design & technical capability and along with two decades of mature engineering and operation experience. Focus on meeting three priority tasks :“Rural Revitalization”, “Eco-City” and “One Belt One Road”, ZEHO set up International Cooperation Department and Industry Operation Center in 2018. Through the research of bioscience, energy conservation, big-data, intelligent manufacturing, rural culture tourism and health leisure industry, ZEHO use various financial tools to build many Eco-Industrial Parks (EIP) and Rural Revitalization pilot cities.

The enterprise philosophy of ZEHO is "Harmony makes superiority, integrity generates eternity". In 2018, ZEHO advance gradually the business transformation from water ecological environment service provider to ecological technology operator.

Main Business:

Water Environment Treatment, Landscape gardening exposition, Ecological forest, Small town construction, Sponge city, Public landscape

Intention of cooperation:Water Environment Treatment, Landscape gardening exposition, Ecological forest, Small town construction, Sponge city, Public landscape
